

Safer Neighbourhood News

Welcome to this months newsletter. We are now approaching the start of British Summertime with the onset of the clocks going forward towards the end of March. The days are already becoming milder and more pleasant, however this is crucially the time where it is vital that complacency doesn't set in.

If you have a UPVC door please make sure that you lift the door handle and lock your door with a key or if you have a Yale style lock and mortice lock please remember to lock the mortice lock every time you leave your house. If you need any crime prevention advice please either come and meet the team at the events listed in this newsletter or call your dedicated ward officer.
