

### **Hadley Wood Dance Centre Ltd.**

This has again been a challenging year for the Hadley Wood Dance Centre. We have complied completely with the all guidelines issued by the Government and our examining body, the Royal Academy of Dance. Some restrictions covering indoor physical activity for children and adults attending classes in a multi-purpose building are still in place, but we were able to resume face-to-face classes in June, albeit with limitations.

After a year of on-line study, pupils returned with enthusiasm and some were ready to work towards their examinations in July. These had to be conducted as a filmed session, but proved to be very successful as the candidates all received high merit or distinction marks. This was an excellent achievement, particularly for the Grade 8 students, who had also taken their A Levels this year. Preparations are now in place for a further examination session in December.
