

## LOTS ON. LOTS TO DO. BE INVOLVED

Dear Residents

We are looking forward to three major events this November, in order:

**Thursday 2 NOV: NEIGHBOURHOOD PLAN REFERENDUM - PLEASE VOTE** (all residents). See article. HWA supports the Plan. Enfield organise the referendum, but can we emphasise: please take ID when you go to vote.

**Sunday 5 NOV: HWA FIREWORKS - PLEASE BUY TICKETS** (member discount). See front cover for details; e-ticketing. An even better display this year, plus all food and drink and other offerings.

**Tuesday 21 NOV : HWA AGM - PLEASE ATTEND** (members only; please join). More details on the AGM on opposite page.

All three events, with so much underlying work, depend on the efforts of volunteers: leaders, teams, supporters. We thank them all.

The Neighbourhood Planning Forum Committee maintain a collective presence, but some individuals have put in years of sustained work navigating their way through to a real outcome. It is for individual residents to assess the Plan and decide how to vote. HWA as the local residents Association strongly supports the Plan in line with one of its major charitable objectives: for its overall importance adding strength to our community voice towards Enfield planners in the necessary and continuing fight to protect of our lovely environment.

Fireworks are being led again this year by Dawn Wellings and Ali Moon now with Laura Gassner for the vital H&S. An event enjoyed by many but it needs volunteer support. More marshals please.

The AGM is when the Trustees are accountable to members, and we are proud to report on our actions and activities based on many volunteer hours for our Committee and others. We are not perfect (by any means); there are things we could do better. There are opportunities we are not taking up. There is always more to do. But we are doing a lot, and with success. We are pleased to have added two new Committee members: Tony O'Brart and (welcome back) Kim Ioannides. We are open to more involvement. We continue to look for a new General Manager (and HWA Editor!).

We welcome the growing activities of Tennis and Football (see articles), and the reach of both these clubs into the wider community.

There is so much going on around us in Local and London affairs, local and global tragedies, family and social joys and challenges. As HWA our interest is in our contribution to the community spirit and supporting activities. Please join us.

***Robert Wilson. On behalf of the Trustees***

**NEIGHBOUR REQUESTS** for safe and considerate parking on Crescent East near HWA. Obstructing clear views from driveways creates danger, especially close to the corner of Lancaster Avenue. Blocking a driveway even for a "short" drop off at the Centre or School is bad enough; a recent example of parking all day is wholly unacceptable.
