The railway provides Hadley Wood's only daily public transport service and is the original reason why it was developed as a suburb in the 19th century. The quality and frequency of the service are critical to life here.

Govia Thameslink Railway (GTR) took over the **Great Northern** franchise in September 2014 for a seven-year term. When we proposed step free access here, they encouraged us to set up a Rail User Group.

Hadley Wood Rail User Group (HWRUG) was founded in 2015. It is a campaigning organisation focussed on strategic rail transport issues as they affect Hadley Wood, such as: achieving the installation of a step free entrance and supporting enhancements, e.g. southbound circulatory route, signage and lighting; promoting Accessible Travel; negotiating a "metro" service in the 2018 Timetable; and influencing GTR more widely as a recognised stakeholder. Its activities are for the travelling benefit of all station users.

HWRUG enables us to represent community and passenger interests in both the Great Northern rail service and the station infrastructure and we collaborate constructively with GTR and Network Rail. It is also affiliated to **Railfuture**, the UK's leading independent organisation campaigning for better rail services, and won three national awards in 2017 in recognition of our successful campaigns.

Major HWRUG Campaigns to date:

1. Provision of step-free access to the northbound platform – **ACHIEVED**
2. Provision of a full "metro" service in the forthcoming ("May 2018") Timetable – **COMMITTED**
3. "Treegate Campaign" to limit Network Rail's extreme vegetation management - **ACHIEVED**

Are you interested in helping GTR improve our rail services and station facilities? **Membership** is open to all who live or work in Hadley Wood or use the station. Just complete and return the section below by email or post.
